Penny McDonald

Chair, Red Hot Arts Central Australia

Desert Festival is a great opportunity for arts lovers from all over to engage with unique arts events in Alice Springs.

This award-winning festival only happens with the incredible support of partners and sponsors and the hard work of many individuals, including artists, arts workers, volunteers, and the staff of Red Hot Arts Central Australia.

On behalf of the Board, we thank all involved, and are very proud to present the 2023 festival. We look forward to welcoming you over a festive 11 days and nights!

Message from the festival team

September is by far the most delicious month on the Central Australian calendar. Not only does the warmth of springtime arrive on our doorstep, but so do a smorgasbord of events that let our desert spirit shine.

Continuing to bloom this September is our very own Desert Festival, now in its 22nd year.

Every year, the festival team looks to push the envelope and deliver enthralling and thought-provoking shows to audiences. And this year is no exception.

Over 11 balmy days, catch a sensational program of local and national artists across more than 18 events.

We're also beyond excited to present two national award-winning fringe acts, **ROUGE** and **Jamie MacDowell & Tom Thum** this year, along with three Northern Territory Music Award winners.

There is something for everyone to enjoy this spring so, on behalf of the Desert Festival team, dive in and enjoy!

ROUGE

ROUGE

All the spectacle of a circus with a deliciously deviant, adults-only twist - **ROUGE** is a mind bending blend of death-defying acrobatics, grandiose cabaret and deeply twisted burlesque. A titillating celebration of astonishing proportions that's surprising, subversive and supremely sexy.

About Our Festival Hub

Olive Pink Botanic Garden will be transformed into the main festival hub for this year's Desert Festival. Please make yourself welcome, bask in the beauty of the gardens and the transformed event space.

While we try to make the space as accessible as possible, please be mindful that the event is held outside and some areas may become boggy or rough if we experience rain.

Parking inside the venue will be limited to patrons requiring accessibility access, crew and artists. We recommend you walk, ride or utilise public transport to get to the event site.

There is limited parking along Tunks road and Barrett Drive. Please be mindful of our neighbours if you do decide to drive.

There will be a licensed bar with a lovely array of beverages from 5pm each evening that there are

events on - including non-alcoholic options. Food will be available to purchase, but feel free to bring a picnic and sit-back with your family.

Most events are ticketed as a packaged evening. Please make sure you check our socials or desfest.com for any program changes.

Our dome space has limited capacity, so on some evenings you may have to wait to experience a show there. Please be mindful of all patrons and only view the show once.

Our goal is to make art accessible to all. If you have an accessibility request, or are experiencing financial obstacles to attending, please reach out to us at festivals@redhotarts.com.au.

Things we don't welcome: BYO, glass, pets (unless recognised service animals), unsafe behavior.

Acknowledgement of Country

Red Hot Arts Central Australia acknowledges the Central Arrente people as the Traditional Custodians of the land on which we live and work. We pay our respects to their history, their living culture and their Elders past, present and emerging.

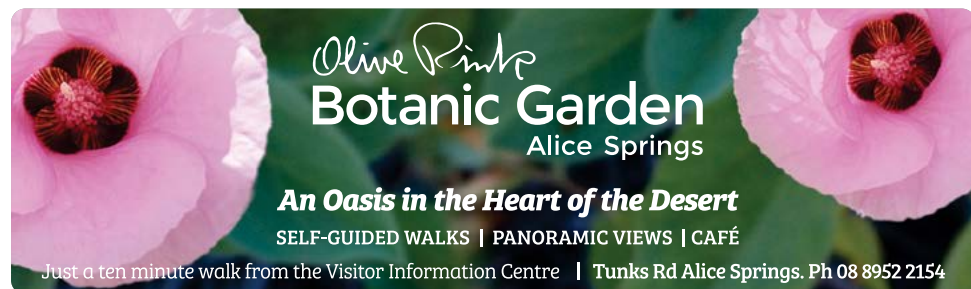

Please join us at 5:30pm on Friday 22 September at the Festival Hub for our official Welcome with Kumalie Riley.

Phantom Femme Fatale

Not to be dismissed as a sexist figure of male fantasy, the *Phantom Femme Fatale* is a subversive character who transgresses female subjugation with assassin-like stoicism. Defiantly exploiting her physical prowess she pays homage to stigmatised displays of femininity. Choreographed and performed by Jenni Large, this haunting performance-art-dance straddles the entanglement of sex and power.

Future Echoes

Future Echoes unapologetically critiques resource extraction through mixed-methods art; blending hip hop, spoken word poetry and dance in a one-hour, call-to-action performance.
